WIHA SLIMBITS

With the Wiha slimbits you can carry every single screwdriver you may require within the palm of your hand. Each individual blade can be carried in a tool bag for a space saving solution. Slimbit blades are up to 33% slimmer and can easily reach deep-set screw and spring elements. Slimbit heads available; Hex, Square, Torx, Slotted, Phillips, Pozi and Slotted Phillips.

TOOLS

WIHA DRIVER AND DRIVER SETS

Fastening screws by hand causes considerable strain on wrists and muscles in the long term. The highly ergonomically shaped SoftFinish screwdriver provides a remedy, ensuring optimal transmission of hand force.

The roll-off protection and screw symbol printed on the handle end ensure users work efficiently. Protective insulation has been integrated into the blade with the Wiha slimTechnology specially developed for electric applications, thus ensuring blades which are up to 33% slimmer.

WIHA PLIER AND PLIER SETS

Combination Plier: Serrated gripper jaws which feature an extra long cutting edge for flat and round cables.

Side Cutter: Universal cutter for cutting soft and hard wires and cables, also suitable for cutting and stripping cables. The low wear lap joint is riveted and is able to withstand high loads.

Long Nose Plier: Used for gripping and holding as well as cutting soft and hard wires and cables. The preferred choice in the electrical sectors.

BLACK MAMBA GLOVES

Made with Black Mamba patented NITREX® polymer, this super strong (6.0 mils) powder free nitrile glove boasts 3 times the chemical and puncture resistance of a comparable thickness latex or vinyl glove. These gloves feature our grip rite finish for secure handling and dexterity even when working with fine objects.

COAST BATTERY RANGE

All Coast flashlights, headlamps, work lights, and area lights serve various purposes for today's working men and women in many settings and situations. We believe customers deserve choices in how to keep their products powered – whether by Alkaline Power, Lithium-Ion Rechargeable Power, or continuous run-on AC/DC Power. Coast wants to provide you flexibility in picking the right light and the best power option to make any job safer, easier, and more enjoyable.

COAST HEAD TORCHES

Enhance your productivity and convenience with Coast LED headlamps. Whether you're working in confined spaces or preparing for an early morning fishing trip, our headlamps provide superior optical technology in various formats. We offer multiple options for beam shaping, power sources, and light control. Additionally, we stock rechargeable and spare batteries to ensure you are always prepared.

COAST TORCHES

There's a Coast LED flashlight suited to every user, ranging from the high-lumens workhorse loved by law enforcement or the pocket flashlight needed for home DIY projects. Top-notch construction, cutting-edge focusing features, and rechargeable options make the Coast portfolio outshine the rest.

STABILA PRO MAGNETIC POCKET SPIRIT LEVEL

Featuring two milled, V-grooved levelling surfaces alongside extra strong rare earth magnets form a 90° angle, ideal for measurements to be taken horizontally and vertically. The magnets snap to metal objects leaving the hands free for perfect alignment and adjustment. Just think about all of the small interior and exterior trim pieces that need to be positioned properly before fastening them down; Exit signs, wall lights, thermostats, appliances, emergency signs and alarm triggers etc. Accuracy in normal position $\pm 1\text{mm} / \text{m}$.

WINBAG CONNECT - INFLATABLE WEDGE

This soft, inflatable wedge will assist in the installation of door frames and windows. Its design also helps lift and level furniture, washing machines, fridge freezers, kitchen units and more. A single Winbag Connect can handle up to 100kg, where the Winbag Max has a load capacity of 250kg.

With its powerful hand-operated inflation pump, a single person can handle the adjustment and fastening of large windows and appliances with ease. Made from fibre reinforced materials, the Winbag measures only 2mm thick when deflated, making storage simple and easy.
